

## ***FOR IMMEDIATE RELEASE***

### **UltraQ Portable Pedestal Intuitive to Use**

**INDIANAPOLIS, March 23, 2022** – Alvarado’s redesigned UltraQ Portable Pedestal allows users to self-scan credentials to enter a facility. Battery powered and Wi-Fi enabled, the UltraQ Portable Pedestal is easy to move and intuitive to use. It is ideal for temporary events, performing arts centers and clubs, exclusive areas, and stadiums and arenas.

“With approximately 12 hours of continuous operation to a single battery charge, and its uniquely designed portable dolly with bracket and handle, the UltraQ Portable Pedestal provides truly portable access control,” said Brian McNeill, Vice President of Sales – Sports & Entertainment for Alvarado. “It allows guests to self-validate entry credentials using their preferred credential type – phones, smart watches, or printed tickets – freeing ticket takers to perform valuable customer service functions.”

Ideal for fast, reliable validation in indoor and select outdoor environments, specific features include:

- Allows guests to self-scan mobile and printed access credentials
- Frees ticket takers to perform valuable customer service functions
- Can accommodate up to 30 validations per minute
- Fast and reliable validation in indoor and select outdoor environments
- Battery powered / Wi-Fi communication (802.11a,b/n)
- Portable and easy to move
- Dozens of finish colors available
- LED lights on rear of the device notify attendants of presented credential status (valid/invalid) and identifies when special tickets are presented
- Scan head switches easily between entry and exit configurations for multi-functionality
- Perfect for performing arts, clubs, and exclusive entrance areas
- Color display provides customizable visual instructions for guests
- A touch screen interface allows operator to access administrator functions

- Server communication is wireless or optional wired LAN communication (Dual-band 802.11ac 2x2 MU-MIMO)

### **Ticketing System Integration**

The UltraQ Pedestal works seamlessly with GateLink10, Alvarado's widely used admission control software. GateLink10 also provides direct plug and play connections to widely used ticketing/access systems such as Ticketmaster Presence. Alvarado also offers DirectConnect API, which can communicate directly with third-party systems.
