

## **dormakaba Showcases Access Solutions for Every Place That Matters**

*Fully functional new product innovations, smart access technology across multiple vertical markets featured in Booth 18019 at ISC West 2024*

**INDIANAPOLIS, April 10, 2024** – Access solutions leader dormakaba will showcase its security solutions in booth 18019 at ISC West, April 10-12, 2024, in Las Vegas. The booth will highlight fully functional new product innovations and smart access technology used in the commercial, healthcare, higher education, K-12 and multifamily housing vertical markets.

“Our purpose is to provide access solutions for every place that matters,” said Ben Brydges, executive vice president, dormakaba North America. “Our new, larger booth showcases vertical market areas where our customers can see and experience our access solutions firsthand across our brands – dormakaba, BEST and Alvarado.”

The following marquee products will be featured at dormakaba’s ISC West 2024 experience.

### **Commercial**

- Alvarado Security Revolving Door, a standardized, automatic, secured revolving door designed to not only detect but prevent tailgating and piggybacking attempts while maximizing traffic flow.

### **Healthcare**

- Alvarado SU5000 Barrier Optical Turnstile with Alcatraz AI technology, a swinging barrier optical turnstile featuring Alcatraz Rock, a new facial authentication technology from Alcatraz AI.
- dormakaba Axessor Apexx, a new, multi-lock IP-connected safe lock that remotely manages an entire fleet of locks through advanced security encryption and sets a new standard for cash and asset security.
- dormakaba ICU300, a healthcare manual sliding door featuring two new options: self-closing panels and electric shutter strike for access control.

### Higher Education

- Alvarado UltraQ Portable Pedestals, barrier-free admission control with an easy-to-read LED screen that allows ticketed guests to intuitively self-validate entry credentials at university events, performances, and games.

### K-12 Education

- dormakaba Keyscan Aurora software, when integrated with Milestone Video Management Systems allows administrators to zoom in on suspicious events directly and avoids the need for multiple software applications to run simultaneously.

### Multifamily Housing

- dormakaba Saffire™ EVO LZ-M, a recently released heavier-duty Wi-Fi Mortise Lock that connects to the dormakaba Lyazon cloud and seamlessly integrates to Lyazon partner platforms for real-time events and user notifications.
- dormakaba Community™ software Resident Visitor Management (RVM), gaining traction among multifamily property owners who want to give their residents the flexibility to manage deliveries and visits from service providers, family, or friends.

In addition, dormakaba will showcase a live demo of EntriWorX Insights, a new, user-friendly web application that securely manages operational data across a network of new or existing dormakaba automatic doors from a single, centralized dashboard.
