

New dormakaba Quantum Pixel+ Low-Profile, High-Performance Lock Puts Hardware Inside the Door

Revolutionary solution offers sleek look with outstanding performance for users and operators alike

INDIANAPOLIS, June 24, 2024 – dormakaba's new Quantum Pixel+ lock provides an easy-to-use, secure, and flexible access control solution that is both attractive and high-performing. Its electronics are concealed within the door for minimally visible hardware that integrates seamlessly within any hotel décor and is compatible with a wide range of lever choices.

The Quantum Pixel+ contains NFC, RFID, and Bluetooth® Low Energy (BLE) technology and can operate with dormakaba Mobile Access Solutions. Guests can use key cards, mobile access, and digital wallets for additional safety and convenience. Guests can also access all areas with multiple permissions for parking, the pool, spa, and other amenities.

"The Quantum Pixel+ takes our Quantum Pixel to the next level," said Darien Long, SVP, Specialty Access Solutions at dormakaba. "It's an easy-to-use, secure, and flexible solution that is both visually attractive and high performing. Quantum Pixel+ is suitable for small to very large-scale hotels. It is ideal for new projects, when doors are being replaced, or when retrofitting from previous generations of Quantum Pixel."

Specific features include, but are not limited to:

- 1" solid deadbolt (optional auto deadbolt)
- Staff Monitoring – Keycard audits
- Tracking mortise for door ajar reporting
- Wear resistant construction and finish
- NFC Programming
- Batteries last up to 2 years
- Low battery indicator alerts staff
- Lock programming and audit records are not erased during battery replacement
- Supports Bluetooth® Low Energy, enabling mobile access
- Supports RFID credentials
- Supports digital wallets, including Apple Wallet

The Quantum Pixel+ lock is supported by dormakaba's robust Ambiance access management software solution that features an array of access control workflows for both guest and staff access. An optional wireless functionality provides anytime control from any location making room moves or extensions, usage data retrieval, and revoking access for lost keys quick to manage.

The Quantum Pixel+ will be available in January 2025.
